This evening there will be a Scottish entertainment at the Opera House, for the benefit of the Presbyof farmer contributors in all parts of the country, its costly and practical and beautiful illustrations-Taxpayers will please take notice that altogether involving a cost of prothe city tax roll will close on the 1st of Pebruary, 1893, and must be paid before that time. it is a marvel that the paper can be sold for \$1 a year. Of course it could not be, save for the fact that progressive farmers in all sections give it hearty support in such vast numbers. Every year the Rural New-Yorker sends out to its subscribers seeds and plants of valuable new varieties, originated on its experiment grounds. These, in total, are estimated as having been worth millions of dollars to American agriculture. This season Editor Carman has a rare treat in this line, proposing to send 17 new roses, Rosa rugosa hybrids, a new grape, a new early potato, and seed of 200 cross-bred tomatoes-all to every

> Free sample copies of the paper may be had by addressing the Rural New-Yorker, New York. Lecture of Rev. C. E. Caster. At the Opera House, Monday evening, Rev. C. E. Caster, presid-ing elder of the M. E. church of this district, stated his belief in relodge, F. and A. M., at Saginaw, as the gard to the position of the Roman church. He commenced his lecture by saying he had no abuse for any one, but merely asked the right and privilege of an American citizen to publicly express his views on a great public question, and he pro-posed to give his views on the school question as he understood it, and as he had learned concerning the matter from his readings and investigation. He gave a short history of the Roman church in regard to its action towards those who differed with its doctrines, and of its opposition to the common schools He then quoted largely from the decree issued by the Papal Ablegate, Mgs. Satolli, in regard to the com-Marine Engineers.
>
> The following are the officers of the Alpena branch of the Marine Engineers' Beneficial Association, for 1892.
>
> In the Alpena branch of the Marine Engineers' Beneficial Association, of its right to control the method of its right and its railway postal clerks, who sort all of teaching all the children of the land. The speaker said he differed from that view. He said the Roman church had not changed in the least its position of hostility to the least its position of hostility to the public schools, and translated Mgr. tire receipts of the Alpena postoffice Satolli's decree, as he understood it; for the past twelve years:

also reading extracts from leading 1881 .. Past President—Thad. H. Kneale.
Trustees—Ira Bassett, Robert to support his view of the question.
Rev. Caster is a leading official of the M. E. church of Michigan, and his views may be considered as representing that church. His lecture had evidently been carefully studied, and every word he spoke seemed to have been especially selected to represent his ideas on Total ...... the public school question. The substance of Rev. Caster's lecture was that the Roman church was unalterably opposed to the present will show the number of registered common school system, that its packages sent each year during the chief aim was to rule America last twelve years. and give to it the education of all the children of the land. Rev. Caster also stated his belief that a member of the Roman church was not a loyal and patriotic citizen, as his

> eign potentate, the pope. The Cincinnati, Saginaw and Mackin-aw Railroad will Have a Line up the Shore.

"Yes, the Cincinnati, Saginaw and Mackinaw railroad will have a line through to the north along the shore," said the agent, C. S. Ruttle, when speaking of the probabilities of such a thing to a Bay City Tribune reporter. "The company will no doubt put a line clear through, but not this year, and those who say preparations are being made for it do not know what they are talking about. The com- 1887 pany has a survey of a line through 1888 as far as Tawas along the shore, but it is just as good next year, and they will not rush things. It may sound like a very small undertaking, this running a line through to Mackinaw, but it is a mighty big one, and will change the whole complexion of the business in the ders drawn, as compared with 1891. complexion of the business in the northern part of the state when it is done. Those who do shipping from there will be greatly benefitted, as the competition will mean a great deal in prices and rates on great deal in prices and rates on The following gives the number.

The following gives the number. our road during the past year has 1893 .. sive as during the preceding year, amounted to 34,694, and 70,883 and we hope to make this average stamped envelopes were sold in ten the business.

Mr. Ruttle only echoed the opinago. He said that the road that leaves three other children—how grown up—by a former wife.

It is truly a sad occurence, and a large circle of friends and relatives mourn the loss, but must submit to the inevitable.

Determine the long run. Michigan is comparatively a new state, and there is a great deal of new land that is not being used, but which will not remain idle very long. That the Michigan Central railroad will have competition in the runwill have competition in the run-ning of their road through the northern part of the state, there is
